COMPANY PRESENTATION

ABOUT US

RVS Engineering & Consultancy started the bussiness up, in 2017, to meet and increase its clients' expectations. Our company, in the projects we provide service, presents creative, quality and cost-effective solutions based on clients' requests. RVS Engineering & Consultancy operates in the areas of Project Consultancy, Construction Contracting, Project Development and Project Design. RVS Engineering & Consultancy, in the construction trade, takes adaptating, updating, following the today's technology and prioritising the science and logic as a duty at its works.

RvS ENGINEERING WORK FLOW

STEP 1

Scheduling a meeting with investor to listen and evaluate the expectations.

STEP 2

Based on the investor's requests; Doing a feasibility study and Making a presentation on suggestions and determining.

STEP 3

Submitting persistent and optimum solutions for the project at last meeting.

STEP 4

Carrying out the successful project design and construction process as a result of accurate technical and financial solutions.

PROJECT MANAGEMENT & TECHNICAL CONSULTANCY

Construction process accompanies various unknown and unpredictable problems. **Cost**, **Time** and **Quality** have to be controlled to resolve these problems. Most of the investor companies which get construction service do not have qualified technical people to control and follow these mentioned factors. Lack of qualified technical people may cause losing money and even bankrupting. This the reason of Project Management has a significant place at construction process.

ACCURATE TIME

ACCURATE QUALITY

ACCURATE COST

CONSTRUCTION CONTRACTING SERVICES

Our company contracts substructure, superstructure, landscaping and various construction works. (Residential, Factory, Industrial Warehouse, Water Tank, Silo, Retaining Wall, Field Concrete, Industrial Floor Works, Water Conveyance Lines, Culvert, Engineering Constructions)

- Factory Buildings,
- Warehouse Structures,
- Various Industrial Structures,(Treatment Facility, Water Tanks etc.)
- Industrial Floor Implementations,
- Substructure Constructions,
- Engineering Structures, Culvert Structures

- Architectural Residential Design, Factory, Warehouse Design, Industrial Structure Design, Interior Architectural Design,
- RC and Steel Structural Design,
- Mechanical Installation Design,
- Electrical Installation Design

ARCHITECTURAL AND STRUCTURAL DESIGN SERVICES

High-costed constructions; although it is not taken into consideration time to time, must have the accurate and facultative engineering basis. Project Drawings, based on investors' requests and necessities, have to be functional, safe, practible and cost-effective. In this context, our company, instead of «software-operating», provides engineering services with scientific and realistic engineering approaches for its clients according to both international and local design codes.

KALE KİLİT FACTORY PROJECT

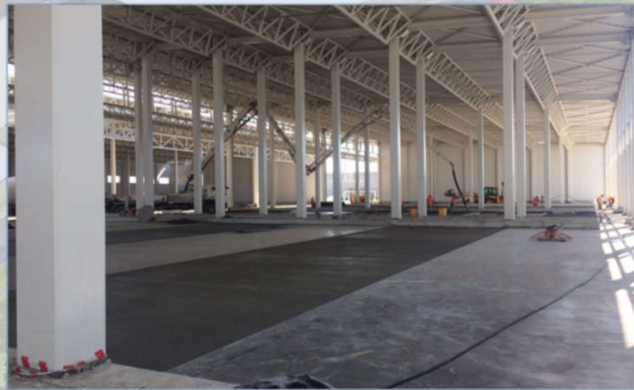

- **Client:** Kale Kilit ve Kalıp San. A.Ş.
- **Closed Area:** 100.000 m², 5 Different Type of Buildings,
- **Plot Area:** 150.000 m²
- **Duration:** 2014-2018
- **Location:** Çerkezköy/TEKİRDAĞ
- **Scope of Work:** Construction Consultancy Services

FRITO LAY MANİSA FACTORY PROJECT

- **Client:** Frito Lay Gıda San. Ve Tic. A.Ş.
- **Closed Area:** 55.000 m², 15 Different Type of Buildings,
- **Plot Area:** 120.000 m²,
- **Duration:** 2016-2018
- **Location:** Manisa OIZ/MANİSA
- **Scope of Work:** Construction Consultancy Services
(Technical Office Engineering Services)

GREENTOWN PLUS – CLUSTER HOUSING AND BUSINESS CENTER PROJECT

- **Client:** Güçlü Saray Yapı A.Ş.
- **Closed Area:** 55.000 m², 6 Block (3 Business+3 Cluster Housing),
- **Plot Area:** 11.900 m²,
- **Duration:** 2018-2021
- **Location:** Çerkezköy/TEKİRDAĞ
- **Scope of Work:** Construction Consultancy Services

RvS REFERENCES

ESKA İNŞAAT-IBIS STYLE HOTEL, TRADING AREAS VE RESIDENCES COMPLEX PROJECT

- **Client:** ESKA Emlak İnşaat A.Ş.
- **Closed Area:** 54.000 m², 5 Block (3 Trading Areas+ 3 Residences+1 Otel),
- **Plot Area:** 15.900 m² Plot Area,
- **Duration:** 2025-
- **Location:** Çerkezköy/TEKİRDAĞ
- **Scope of Work:** Construction Consultancy Services

2M KABLO SAN. VE TİC. A.Ş. FACTORY RENOVATION PROJECT

- **Client:** 2M Kablo San. Ve Tic. A.Ş.
- **Closed Area:** 16.500 m², 3 Block (1 Administrative +2 Industrial Buildings),
- **Plot Area:** 20.000 m²,
- **Duration:** 2 Months (2018-2019)
- **Location:** Çerkezköy OSB/TEKİRDAĞ
- **Scope of Work:** Construction Contracting and Project Design Services

2M KABLO SAN. VE TİC. A.Ş. FACTORY RENOVATION PROJECT

- **Scope of Work:** RC and Steel Structural Design Services, Steel Construction Outbuildings, RC Water Tank, Proses Infrastructure Works, Machine Base Constructions, Administrative Building Steel Construction Roof Installation and Finishing Construction Works

MONDİ İSTANBUL AMBALAJ INDUSTRIAL WAREHOUSE PROJECT

- **Client:** Mondİ İstanbul Ambalaj Ltd. Şti.
- **Cloesed Area:** 2.000 m², Steel Construction Warehouse
- **Duration:** 3 Months (2021-2022)
- **Location:** Çorlu Türkgücü OIZ/TEKİRDAĞ
- **Scope of Work:** Construction Contracting and Structural Design Services

MONDİ İSTANBUL AMBALAJ FACTORY ENTRY BUILDING CANOPY CONSTRUCTION

- **Client:** Mondi İstanbul Ambalaj Ltd. Şti.
- **Duration:** 2 Months (2022)
- **Location:** Çorlu Türkgücü OIZ/TEKİRDAĞ
- **Scope of Work:** Construction Contracting and Structural Design Services, Steel Construction Canopy Installation, Roof Sandwich Panel Installation, Roof and Facade Insulation Works, Aluminium Composite and Cotta Siding Panel Installations, Exterior Plastering and Painting

COSMESA KOZMETİK FACTORY RENOVATION PROJECT

- **Closed Area:** 6.000 m²,
- **Plot Area:** 9.000 m²,
- **Duration:** 3 Months (2019-2020)
- **Location:** Çerkezköy OIZ/TEKİRDAĞ
- **Scope of Work:** Construction Contracting and Structural Design Services

RvS REFERENCES

COSMESA KOZMETİK FACTORY RENOVATION PROJECT

- **Scope of Work:** Construction Contracting and Structural Design Services
- Steel Construction Framework of Wall and Suspended Ceiling Works,
- Production Area Gas Concrete Wall Works, Epoxy Flooring Works ,Process Infrastructure Works, Sanitary and Pneumatic Installation Works,
- Administrative Area; Floor and Wall Tiling, Parquetry Works, Suspended Ceiling Installations, Finishing Works

GÜRÖZ METAL FACTORY MEZZANINE FLOOR PROJECT

- **Client:** Güröz Plastik ve Metal San. Tic. Paz. Ltd. Şti.
- **Duration:** 1 Month (2021)
- **Location:** Çerkezköy OIZ/TEKİRDAĞ
- **Scope of Work:** Construction Contracting and Structural Design Services
- Composite Slab Mezzanine Floor Works; Steel Construction Production and Installation, Composite Floor Rebar Works, Trowelled Field Concrete and Floor Hardening Works, Industrial Sectional Door and Aluminium Joinery Installations

BSH CERKEZKOY FACILITY RETAINING WALL WITH BORED PILES

- **Client:** BSH Ev Aletleri San. Ve Tic. A.Ş.
- **Duration:** 6 months (2023)
- **Location :** Çerkezköy OIZ/TEKİRDAĞ
- **Scope of Work:** Construction Contracting and Structural Design Services, Project Design of Steel Construction Platform, Installation of Steel Construction Platform

BSH CERKEZKOY FACILITY BORED PILE WALLS

- **Scope of Work:** 60 bored piles ($\varnothing=1$ m (Radius), h=17 m (height of bored piles)) construction, Capping Beams and Shotcrete Walls Construction, Steel Stairs Design and Building, Deplacement of Rainwater Manholes, Asphalt Road Construction
